SUPPLEMENTARY INFORMATION:

The Tribal Advisory Committee (TAC) advises CDC/ATSDR on policy
issues and broad strategies that may significantly affect
American Indian and Alaska Native (AI/AN) communities. The TAC
assists CDC/ATSDR in fulfilling its mission to promote health
and quality of life by preventing and controlling disease,
injury, and disability through established and ongoing
relationships and consultation sessions.

PURPOSE: The purpose of the TAC meeting is to exchange
information between tribal governments and CDC/ATSDR staff about
public health issues in Indian country, identify urgent public
health needs of American Indians and Alaska Natives, discuss
collaborative approaches, and ensure that CDC/ATSDR activities
or policies that impact AI/AN tribes are brought to the
attention of tribal leaders. To advance these goals, CDC/ATSDR
conducts government-to-government meetings with elected tribal
officials or their authorized representatives. These meetings
offer open and free exchange of information and opinion among
parties that leads to mutual understanding.

Information about the TAC and previous meetings is available at <https://www.cdc.gov/tribal/consultation-support/tac/index.html>.

MATTERS TO BE CONSIDERED: The agenda will include discussions on tribal priorities for CDC and ATSDR, public health capacity in Indian country, and programmatic highlights. Agenda items are subject to change as priorities dictate.
